In light of applicants' remarks/arguments, claims 1-4 and 7-22 are allowed primarily because the references of record, singly or in combination, cannot anticipate or render obvious the methods of claims 1 and 12, especially the limitations of: completely filling a dual damascene pattern with tungsten; etching/removing a part of the tungsten in the trench portion of the dual damascene pattern; depositing a diffusion barrier on the remaining tungsten; and depositing Cu on the diffusion barrier.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
